

Understanding treatment options for non-metastatic castration-resistant prostate cancer (nmCRPC)

Industry Session Bayer

**Saturday 14
November
16:15 - 17:00**

Location Virtual Room 2

16:15 - 16:20

Welcome
Urologist - A. Papatsoris, Athens (GR)

16:20 - 16:35

Introduction to the nmCRPC patient journey
Medical oncologist - K. Fizazi, Villejuif (FR)

Using novel imaging (e.g. PSMA-PET) to guide decisions about the patient's treatment
Medical oncologist - K. Fizazi, Villejuif (FR)

16:35 - 16:50

Treatment options available to this patient
Medical oncologist - K. Fizazi, Villejuif (FR)

Selecting the best treatment for this patient
Medical oncologist - K. Fizazi, Villejuif (FR)

16:50 - 17:00

Q&A and closing remarks
Medical oncologist - K. Fizazi, Villejuif (FR)
Urologist - A. Papatsoris, Athens (GR)

The future is now: The role of precision medicine in advanced prostate cancer and bladder cancer

Industry Session Janssen

Friday 13 November
16:30 - 17:15

Location

Virtual Room 1

16:30 - 16:33

Welcome and introduction

Medical oncologist - I. Duran, Santander (ES)

16:33 - 16:41

The genomic approach to medicine

Pathologist - A. Lopez-Beltran, Lisbon (PT)

16:41 - 16:47

Understanding the complexity of advanced prostate cancer

Urologist - N.W. Clarke, Manchester (GB)

16:47 - 16:55

The era of precision medicine in bladder cancer

Medical oncologist - I. Duran, Santander (ES)

16:55 - 17:12

Where do we go from here?

Discussants

Urologist - N.W. Clarke, Manchester (GB)

Medical oncologist - I. Duran, Santander (ES)

Pathologist - A. Lopez-Beltran, Lisbon (PT)

17:12 - 17:15

Concluding remarks

Urologist - N.W. Clarke, Manchester (GB)

Industry presentation Telix Pharmaceuticals

Friday 13 November
13:45 - 14:00

Location

Virtual Room 1

13:45 - 14:00

Telix - Patient's management new perspectives in PCa & RCC
To be confirmed

**12th European Multidisciplinary
Congress on Urological Cancers**

**Implementing multidisciplinary
strategies in genito-urinary cancers**

EMUC20

VIRTUAL
13-14 NOVEMBER 2020
