ESU/ESUT Hands-on Training courses on Laparoscopy

Course 2

Friday 25 May
14:00 - 15:00

Location: Gamma Room
Chair: P. Macek, Prague 2 (CZ)
Tutors: P. Bosas, Kaunas (LT)
        C.S. Biyani, Leeds (GB)
        P. Macek, Prague 2 (CZ)

Laparoscopic procedures are continuously evolving in urology based on the increasing expertise of urologic surgeons. This includes ablative procedures, such as radical nephrectomy as well as reconstructive techniques, such as pyeloplasty. Some advanced procedures (i.e. radical prostatectomy, radical cystectomy) have both, ablative and reconstructive steps. Since the number of centres with laparoscopic expertise is still limited in Europe, laparoscopic training programmes have become very important. Hands-on training courses at the pelvi-trainer represent one of the main steps of such courses. Finally, all remaining questions can be answered and discussed with all tutors including the demonstration of tips and tricks.

14:00 - 14:05
Introduction
P. Macek, Prague 2 (CZ)

14:05 - 15:25
Hands-on-training at different models

15:25 - 15:30
Questions and answers, tips and tricks
