ESU/ ESUT Hands-on Training on Ureterorenoscopy
Course 1

Saturday 26 May
08:30 - 10:30

Location: Gamma Room

Chair: A. Ploumidis, Athens (GR)
Tutors: C.S. Biyani, Leeds (GB)
I. Geldners, Riga (LV)
A. Ploumidis, Athens (GR)

The European Society of Uro-Technology (ESUT) and the EAU Section of Urolithiasis (EULIS) offer an intensive hands-on training course with different models focussing on the endoscopic management of urolithiasis. The delegates will be taken through a sequential programme of Ureterorenoscopy using normal endoscopic instruments in different models. The use of various guide-wires, baskets and intracorporeal lithotripters will be demonstrated. The ESUT and the EULIS faculty consist of experienced surgeons in the field of Ureterorenoscopy. A video demonstrating the different steps and tasks of the procedures will be presented and afterwards the delegates will be instructed according to their level of experience in small teams at the models. Finally, all remaining questions can be answered and discussed with all tutors including the demonstration of tips and tricks.

08:30 - 08:45
Introduction
A. Ploumidis, Athens (GR)

08:45 - 10:00
Hands-on-training at different models

10:00 - 10:30
Questions and answers, tips and tricks
