The impact of education and surgeon burnout on quality of care and service provision

Poster Session 59

Sunday 17 March
15:45 - 17:15

Location: Green Area, Room 20

Chairs: T. Bach, Hamburg (DE)
L.K. Bin, Singapore (SG)
K. Dimitropoulos, Aberdeen (GB)

Poster viewing of 20 minutes. Presentations will take place on stage. Standard presentations are 2 minutes in length, followed by 2 minutes for discussion. Extended presentations (*) are 3 minutes in length, followed by 3 minutes for discussion.

823

To what extent statistical findings in randomized controlled trials are facts? The fragility index in urological oncology literature

By: Chertin L., Zisman A., Haifler M.
Shamir (Assaf Harofeh) Medical Center, Dept.of Urology, Zerifin, Israel

824

The "EUREP hands-on training format": 4-years of hands-on training improvements from the European School of Urology (ESU)

¹Grande Ospedale Metropolitano, Dept. of Urology, Reggio Calabria, Italy, ²University Hospital Gasthuisberg, Dept. of Urology, Leuven, Belgium, ³SLK Klinikum, Dept. of Urology, Heilbronn, Germany, ⁴Erasmse Hospital, University Clinics of Brussels, Dept. of Urology, Brussels, Belgium, ⁵St. James’s University Hospital Leeds, Dept. of Urology, Leeds, United Kingdom, ⁶Fundació Puigvert, Dept. of Urology, Barcelona, Spain, ⁷The North West London Hospitals NHS Trust, Dept. of Urology, London, United Kingdom, ⁸Ospedale San Raffaele–Turro, Dept. of Urology, Milan, Italy, ⁹Institut Mutualiste Montsouris, Dept. of Urology, Paris, France, ¹⁰Charles University, Dept. of Urology, Prague, Czech Republic, ¹¹University of Athens, Dept. of Urology, Athens, Greece, ¹²St. Antonius Hospital, Dept. of Urology and Oncology, Gronau, Germany, ¹³University Hospital Pilsen, Dept. of Urology, Pilsen, Czech Republic, ¹⁴Havenziekenhuis, Dept. of Urology, Rotterdam, The Netherlands, ¹⁵Azienda Ospedaliero Universitaria di Careggi, Dept. of Urology, Florence, Italy, ¹⁶University Hospital Motol, Dept. of Urology, Prague, Czech Republic, ¹⁷St. John of God Hospital, Dept. of Urology, Vienna, Austria, ¹⁸Charles University 2nd Faculty of Medicine and University Hospital Motol, Dept. of Urology, Prague, Czech Republic, ¹⁹Athens Medical Centre, Dept. of Urology, Athens, Greece, ²⁰AMC University Hospital, Dept. of Urology, Amsterdam, The Netherlands, ²¹General
Satisfaction with surgical training and confidence in performing surgical procedures among European urology residents

La Paz University Hospital, Dept. of Urology, Madrid, Spain, San Raffaele-Turro Hospital, San Raffaele University, Dept. of Urology, Milan, Italy, Humanitas Gavazzeni, Dept. of Urology, Bergamo, Italy, Erasmus Medical Center, Dept. of Urology, Rotterdam, The Netherlands, Herlev and Gentofte Hospital, Dept. of Urology, Herlev, Denmark, SLK-Kliniken, University of Heidelberg, Dept. of Urology, Heilbronn, Germany, Grande Ospedale Metropolitano, Dept. of Urology, Reggio Calabria, Italy, Fundacio Puigvert, University of Barcelona, Dept. of Urology, Barcelona, Spain

Simulation in urological training and education (SIMULATE): A randomised controlled clinical and educational trial to determine the effect of structured surgical simulation training

King's College London, MRC Centre for Transplantation, London, United Kingdom, Hokkaido University Hospital, Dept. of Urology, Sapporo, Japan, SLK-Kliniken, University of Heidelberg, Dept. of Urology, Heilbronn, Germany, University of Bern, Dept. of Urology, Bern, Switzerland, Sindelfingen-Bo?blingen Medical Centre, University of Tu?bingen, Dept. of Urology, Sindelfingen, Germany, First Affiliated Hospital of Guangzhou Medical University, Dept. of Urology, Guangzhou, China, Paracelsus Medical Private University, Dept. of Urology, Salzburg, Austria, Sismanoglio Hospital, Athens Medical School, Dept. of Urology, Athens, Greece, Icahn School of Medicine at Mount Sinai, Dept. of Urology, New York, United States of America, Dalhousie University, Dept. of Urology, Halifax, Canada, University of British Columbia, Dept. of Urology, Vancouver, Canada, Kafkas University, Dept. of Urology, Kars, Turkey, King's College London, Division of Cancer Studies, London, United Kingdom, Imperial College London, Dept. of Surgery and Cancer, London, United Kingdom

Academic and scientific activity of European urology residents during their training

La Paz University Hospital, Dept. of Urology, Madrid, Spain, San Raffaele-Turro Hospital, San Raffaele University, Dept. of Urology, Milan, Italy, San Raffaele-Turro Hospital, San Raffaele University, Dept. of Urology, Milan, Spain, Humanitas Gavazzeni, Dept. of Urology, Bergamo, Italy, Ulm University Medical Center, Dept. of Urology, Ulm, Germany, Herlev and Gentofte Hospital, Dept. of Urology, Herlev, Denmark, Fundacio Puigvert, University of Barcelona, Dept. of Urology, Barcelona, Spain
Outcomes of European basic laparoscopic urological skills (EBLUS) exams: Results from European School of Urology (ESU) over 6 years (2013-2018)

1University Hospital Southampton NHS Trust, Dept. of Urology, Southampton, United Kingdom, 2University Hospital Gasthuisberg, Dept. of Urology, Leuven, Belgium, 3SLK Klinikum Heilbronn, Dept. of Urology, Heilbronn, Germany, 4University of Athens, Dept. of Urology, Athens, Greece, 5St.Antoni-Hospital, Dept. of Urology, Gronau, Germany, 6University Hospital Leicester, Dept. of Urology, Leicester, United Kingdom, 7Erasmus Hospital, Dept. of Urology, Brussels, Belgium, 8Fundació Puigvert, Dept. of Urology, Barcelona, Spain, 9AG Savvas Anticancer Hospital, Dept. of Urology, Athens, Greece, 10Institut Mutualiste Montsouris, Dept. of Urology, Paris, France, 11University Hospital Motol, Dept. of Urology, Prague, Czech Republic, 12Azienda Ospedaliero-Universitaria di Careggi, Dept. of Urology, Florence, Italy, 13Ospedale San Raffaele–Turro, Dept. of Urology, Milan, Italy, 14Grande Ospedale Metropolitano, Dept. of Urology, Calabria, Italy

The impact of sleep-related impairment on burnout in urologists: Results from a national consortium study

By: Marchalik D.1, Shaw N.1, Padmore J.2, Lu E.3, Rowe S.4, Trockel M.3

1MedStar Georgetown University Hospital, Dept. of Urology, Washington, United States of America, 2MedStar Health, Dept. of Physician Wellbeing, Washington, United States of America, 3Stanford, Dept. Of Physician Wellness, Palo Alto, United States of America, 4Boston Medical Center, Dept. of Ophthalmology, Boston, United States of America

Definition of a structured training curriculum for robot-assisted radical cystectomy: A Delphi-consensus study led by the ERUS Educational Board

1Onze Lieve Vrouw Hospital, Orsi Academy, Dept. of Urology, Aalst, Belgium, 2Azienda Ospedaliero, Universitaria Pisana, Dept. of Urology, Pisa, Italy, 3Urological Research Institute, IRCCS Ospedale San Raffaele, Dept. of Urology, Milan, Italy, 4Onze Lieve Vrouw Hospital, Dept. of Urology, Aalst, Belgium, 5Institut Mutualiste Montsouris, Dept. of Urology, Paris, France, 6Memorial Sloan Kettering Cancer Center, Dept. of Urology, New York, United States of America, 7Fundació Puigvert, Autonomous University of Barcelona, Dept. of Urology, Barcelona, Spain, 8Royal Liverpool University Hospital, Dept. of Urology, Liverpool, United Kingdom, 9Karolinska University Hospital, Dept. of Urology, Stockholm, Sweden, 10Ankara Yildirim Beyazit University, Dept. of Urology, Ankara, Turkey, 11Aarhus University Hospital, Dept. of Clinical Medicine, Dept. of Urology, Aarhus, Denmark, 12University of Southern California Institute of Urology & Catherine and Joseph Aresty, Dept. of Urology, Los Angeles, United States of America, 13Clinique Saint Augustin, Dept. of Urology, Bordeaux, France, 14Azienda Ospedaliera Universitaria
831

Simulation-based teaching of prostate biopsies: Predictive validity of a prostate biopsy simulator

By: Fiard G.\textsuperscript{1}, Selmi S-Y.\textsuperscript{2}, Maigron M.\textsuperscript{3}, Promayon E.\textsuperscript{2}, Descotes J-L.\textsuperscript{1}, Troccaz J.\textsuperscript{2}

\textsuperscript{1}Grenoble University Hospital, Dept. of Urology and Kidney Transplant, Grenoble, France, \textsuperscript{2}TIMC-IMAG Laboratory, Dept. of GMCAO, Grenoble, France, \textsuperscript{3}Université Grenoble Alpes, Faculty of Medicine, Grenoble, France

832

Evaluation of the ESU E-BLUS teaching guide as a stand-alone educational tool for hands-on training sessions

By: Urzi D.\textsuperscript{1}, Morgia G.\textsuperscript{1}, Castelli T.\textsuperscript{1}, Cimino S.\textsuperscript{1}, Russo G.\textsuperscript{1}, Privitera S.\textsuperscript{1}, Gozen A.\textsuperscript{2}, Van Cleynenbreugel B.\textsuperscript{3}, Somani B.K.\textsuperscript{4}, Veneziano D.\textsuperscript{5}, ESU Training Research group

\textsuperscript{1}Università degli Studi di Catania, Dept. of Urology, Catania, Italy, \textsuperscript{2}SLK Kliniken, Dept. of Urology, Heilbronn, Germany, \textsuperscript{3}University of Leuven, Dept. of Urology, Leuven, Belgium, \textsuperscript{4}University of Southampton, Dept. of Urology, Southampton, United Kingdom, \textsuperscript{5}Grande Ospedale Metropolitano, Dept. of Urology, Reggio Calabria, Italy

833

Informed consent: What risks are material to patients?

By: McCauley N., Manson-Bahr D., Lane T., Clark C.
Lister Hospital Stevenage, East and North Herts Trust, Dept. of Urology, Stevenage, United Kingdom

834

Trainee burnout in the United States and Europe: A multi-national comparative study

By: Marchalik D.\textsuperscript{1}, Talso M.\textsuperscript{2}, Goldman C.\textsuperscript{3}, Carvalho F.\textsuperscript{1}, Esperto F.\textsuperscript{4}, Pradere B.\textsuperscript{5}, Van Besien J.\textsuperscript{6}, Krasnow R.\textsuperscript{1}

\textsuperscript{1}MedStar Georgetown University Hospital, Dept. of Urology, Washington, United States of America, \textsuperscript{2}Petra Uro Group, Dept. of Urology, Milan, Italy, \textsuperscript{3}Georgetown University School of Medicine, Dept. of Urology, Washington, United States of America, \textsuperscript{4}Humanitas Medical Care, Dept. of Urology, Bergamo, Italy, \textsuperscript{5}Centre Hospitalier Universitaire de Tours, Dept. of Urology, Tours, France, \textsuperscript{6}Universitair Ziekenhuis Ghent, Dept. of Urology, Ghent, Belgium

16:58 - 17:05

State-of-the-art lecture How does burnout affect patient outcome?
T. Bach, Hamburg (DE)
