**Home-modeling after penile prosthesis implantation is a viable option for management of residual curvature in Peyronie’s disease**

By: Moncada Iribarren I.¹, Krishnappa P.²

¹Hospital Universitario La Zarzuela, Dept. of Urology, Madrid, Spain, ²NU Hospitals, Dept. of Urology, Bangalore, India

**Vacuum device in acute inflammatory phase of Peyronie's disease: A prospective randomized controlled trial**

By: Terribile M., Arcaniolo D., Quattrone C., Stizzo M., Toro F., Manfredi C., De Sio M. University of Campania Luigi Vanvitelli, Dept. of Woman, of Child, and of General and Specialized Surgery, Naples, Italy

**Clinical efficacy and safety of clostridium histolyticum collagenase treatment in Peyronies’s disease: A single center prospective analysis**

By: Schlager D., Suarez-Ibarrola R., Leiber C. University Medical Center Freiburg, Dept. of Urology, Freiburg, Germany

**Treatment related outcomes for patients with atypical Peyronie's disease**

By: El-Khatib F.M., Osman M.M., Towe M., Huynh L.M., Yafi F. University of California, Irvine, Dept. of Urology, Orange, United States of America
Aims and objectives of this presentation

1200

How uncommon penile curvatures influence clinical outcomes in patients with Peyronie’s disease receiving collagenase clostridium hystolyticum therapy?

By: Cocci A. ¹, Russo G.I. ², Cito G. ¹, Minervini A. ¹, Gacci M. ¹, Serni S. ¹, Verrienti P. ¹, Giammusso B. ², Mondaini N. ¹
¹AOU Careggi, Dept. of Urology, Florence, Italy, ²University of Catania, Dept. of Urology, Catania, Italy

Aims and objectives of this presentation

1200

The repair of abnormalities in the penile suspensory ligament

By: Ralph O. ¹, Shroff N. ¹, Blecher G. ¹, Anfonso M. ¹, Christopher N. ¹, Ralph D.J. ¹, Chiriacò G. ²
¹UCLH, Dept. of Urology, Chesham, United Kingdom, ²Azienda Ospedaliero Universitaria di Trieste, Dept. of Urology, Trieste, Italy

Aims and objectives of this presentation

1202

Penile implant surgery does not reduce penile size; A prospective study of 122 patients followed up for two years

By: Habous M.E. ¹, Giona S. ², Abdelwahab O. ³, Binsaleh S. ⁴, Mulhall J. ⁵, Muir G. ⁶, Ralph D. ⁷
¹Elaj Medical Center, Dept. of Urology, Jedda, Saudi Arabia, ²Frimley Park Hospital, Dept. of Urology, Camberley, United Kingdom, ³Benha University, Dept. of Urology, Benha, Egypt, ⁴King Saud University, Dept. of Urology, Riyadh, Saudi Arabia, ⁵MSKCC, Dept. of Sexual medicine and Infertility, New York, United States of America, ⁶King’s College Hospital, Dept. of Urology, London, United Kingdom, ⁷St Peter institute, UCLH, Dept. of Andrology, London, United Kingdom

Aims and objectives of this presentation

1203

Satisfaction with inflatable penile prosthesis in patients with history of ischemic priapism

By: Hawksworth D.J., Koomson A.B., Burnett A.L.
Johns Hopkins University School of Medicine, Brady Urological Institute, Baltimore, United States of America

Aims and objectives of this presentation

1204
The findings of polysomnographic and nocturnal penile tumescence testing in men with stuttering priapism

By: Johnson M.¹, Chiriaco G.¹, Johnson T.F.¹, McNeillis V.², Ralph D.J.¹
¹University College London Hospital, Dept. of Andrology, London, United Kingdom,
²Royal National Throat Nose and Ear Hospital, Sleep Unit, London, United Kingdom

Aims and objectives of this presentation

1205

oMtFSFI: Operated male to female sexual function index. Development and validation of the first questionnaire to assess sexual function after male to female gender reassignment surgery

By: Vedovo F.¹, Di Blas L.², Perin C.¹, Pavan N.¹, Zatta M.³, Bucci S.¹, Morelli G.⁴, Cocci A.⁵, Delle Rose A.⁵, Caroassai Grisanti S.⁵, Gentile G.⁶, Colombo F.⁶, Rolle L.⁷, Timpano M.⁷, Verze P.⁸, Spirito L.⁸, Schiralli F.⁹, Bettocchi C.⁹, Palmieri A.⁹, Mirone V.⁸, Trombetta C.¹

⁸University of Naples, Federico II, Dept. of Urology, Naples, Italy,
⁹University of Bari, Emergency and Organ Transplantation, Urology, Andrology and Kidney Transplantation Unit, Bari, Italy

Aims and objectives of this presentation

1206

Percutaneous angioplasty of internal pudendal arteries for the treatment of erectile dysfunction not responsive to pharmacological therapy. Initial experience in six patients

By: Marcer A.¹, Migliorini F.¹, Sebben M.¹, Bassi S.¹, Mariotto A.¹, Rubilotta E.¹, Balzarro M.¹, Ribichini F.², Artibani W.¹
¹Azienda Ospedaliera Universitaria Integrata di Verona, Dept. of Urology, Verona, Italy,
²Azienda Ospedaliera Universitaria Integrata di Verona, Dept. of Cardiology, Verona, Italy

Aims and objectives of this presentation

1207

Effectiveness and safety of Platelet rich Plasma (PrP) cavernosal injections plus external shock wave treatment for penile erectile dysfunction: First results from a prospective, randomized, controlled, interventional study

By: Ruffo A.¹, Franco M.², Illiano E.³, Stanojevic N.⁴
