ESU/ESUT/EULIS Hands-on Training Course in Endoscopic stone treatment - step 1
Sponsored by KARL STORZ

Location: Green Area, Room 6
Tutors: A. Ploumidis, Athens (GR)
K. Ahmed, London (GB)
S. Proietti, Milan (IT)
N. Macchione, Milan (IT)
J.P. Caballero Romeu, Alicante (ES)
M. Cepeda, Valladolid (ES)
Chair: B. Somani, Southampton (GB)

Aims and objectives of this session
In this course, basic endoscopic skills can be acquired and learned. Skills associated with cystoscopy, rigid and flexible ureteroscopy are trained by the validated exercises of the Endoscopic stone treatment (EST s1). Experienced Endourologists will guide you to master navigation skills needed with hand-eye-coordination for cystoscopy, rigid ureteroscopy in a model, placement of access sheath and flexible ureteroscopy in the K-Box. The course can be used as an additional training to prepare for the EST S1 examination. Finally, all remaining questions can be answered and discussed with all tutors including the demonstration of tips and tricks.

• At the end of the course, the participants will be able to perform rigid and flexible ureteroscopy in the models
• The participants will be able to interact with tutors and gain valuable insights into the tips and tricks of basic and advanced ureteroscopy.
