# ESU Course on New challenges and umnet needs in basic science and histopathology to address the clinical management of renal malignancies

**Thursday 10 October 12:00 - 14:00**

<table>
<thead>
<tr>
<th>Time</th>
<th>Event</th>
</tr>
</thead>
</table>
| 12:00 - 12:05   | **State-of-the-art lecture** European School of Urology: A unique possibility for urological education  
M. Hora, Plzeň (CZ) |
| 12:05 - 12:30   | **Panel discussion** Current indications and challenges for the treatment of renal cell carcinoma according to the EAU guidelines |
| 12:05 - 12:18   | **Therapeutic options in localised disease** (surgery, ablative techniques, active surveillance)  
M. Hora, Plzeň (CZ) |
| 12:18 - 12:30   | **Systemic treatment in metastatic disease**  
M. Hora, Plzeň (CZ) |
| 12:30 - 13:30   | **Histopathological classification and molecular pathology of renal cell tumours: Basics and clinical value for decision making** |
| 12:30 - 13:00   | **Histopathological and molecular characterisation of renal cell carcinoma**  
A. Hartmann, Erlangen (DE) |
| 13:00 - 13:30   | **Incorporation of genetic and molecular profiling into clinical decision-making in patients with kidney cancer: Ready for prime time?**  
R. Leão, Coimbra (PT) |
| 13:30 - 14:00   | **Discussion**                                                       |
