CP01

**How much energy is needed to ablate one cubic millimeter of stone volume during flexible ureteroscopy using a low-power laser device? Results from a proof-of-principle clinical study**

To be confirmed

---

CP02

**Does body mass impact on PCNL outcome?**

To be confirmed

---

CP03

**A novel low-dose CT-based score for prediction of the residual stone burden following retrograde intrarenal surgery (RIRS)**

To be confirmed

---

CP04

**Cost-effectiveness of reusable ureterorenoscopes in a high volume single center**

Humanitas Research Institute, Dept. of Urology, Rozzano, Italy

---

CP05

**Analysis of ureteral stent's encrustations: comparison between silicone and Percuflex™**

1University of Modena and Reggio Emilia, Dept. of Urology - Residency Programme, Baggiovara, Italy, 2University of Modena and Reggio Emilia, Dept. of Urology, Baggiovara, Italy, 3University of Tanta, Dept. of Urology, Tanta, Egypt

---

CP06

**PPLA score in stone disease: Preliminary results on correlation with clinical and laboratory data and it's validation**

By: Recupero S., Ragonese M., Pinto F., Totaro A., Cirulli G., Gambaro G., Ferraro P.M., Bassi P.

1FatebeneFratelli San Giovanni Calibita, Dept. of Urology, Rome, Italy, 2Catholic University Of Sacred Heart - A. Gemelli Foundation Hospital, Dept. of Urology, Rome,
Scientific Programme - EULIS19 Milan

Italy, 3Catholic University Of Sacred Heart - A. Gemelli Foundation Hospital, Nephrology, Rome, Italy

**CP07**

**Osteoporosis is a risk factor for nephrolithiasis in an adult Caucasian population**

1Azienda Ospedaliera Universitaria Federico II, Department of Urology, Naples, Italy,
2University of Naples Federico II, Dept. of Urology, Naples, Italy,
3University of Naples Federico II, Dept. of Clinical Medicine and Surgery, Naples, Italy,
4COMEGEN, Medical Cooperative ASL Napoli 1, Naples, Italy

**CP08**

**Development of a novel clinical and radiological risk score to predict septic complications in patients with obstructive uropathy**

By: Boeri L. 1, Fulgheri I. 1, Palmisano F. 1, Lorusso V. 1, Lievore E. 1, Ripa F. 1, D'amico M. 2, Spinelli M.G. 1, Montanari E. 1
