Advanced Male Urethral Catheterisation (AMUC) Workshop - Theoretical Part
Sponsored by URETHROTECH

Location: Green Area, Room 12 (Level 1)
Chairs: D.E. Andrich, London (GB)
M. Dragova, London (GB)

Designed for nurses and doctors already familiar with standard catheterisation skills, but who would like to expand their competence to Advanced Male Urethral Catheterisation (AMUC) skills to manage difficult male urethral catheterisation safely and independently.

This workshop exists of two parts:
- Theoretical Part: Saturday 17 March, 12.45 - 13.45
  No separate registration is needed
- Practical Part: Sunday 18 March, different timeslots
  Please pre-register because of limited seating
