Aims and objectives of this session
Learn the best way to draft the results and discussion section of a scientific paper. Understand how to work through examples of good and bad practices, to find the key points of the manuscript. Obtain insight from editors on what they expect to see.

• To understand what makes good results section and how best to present your data.
• To understand what makes a good discussion.
• To learn from experienced editors.

Welcome
J.W.F. Catto, Sheffield (GB)

Choosing and presenting your statistical analyses
M. Assel, New York (US)

How to write the results chapter
S. Boorjian, Rochester (US)

Group working I

Writing the discussion section
J-N.L. Cornu, Rouen (FR)

What the editor looks when reviewing the results and discussion
S. Boorjian, Rochester (US)

Group working II

Questions and answers
