ESU/ESFFU Hands-on Training Course in OnabotulinumtoxinA administration for OAB
Sponsored by ALLERGAN

Saturday 17 March
13:30 - 15:00

Location: Yellow Area, Room 1 (Level 0)
Chair: H. Hashim, Bristol (GB)
Tutors: R. Inman, Sheffield (GB)
M. Belal, Birmingham (GB)
A. Garcia Mora, Mexico City (MX)

Aims and objectives of this session
Botulinum toxin type A administration in Urology has become common practice over the last two decades. Following the completion of Phase 3 registration trials in OAB, OnabotulinumtoxinA received marketing approval for this indication and now has a standardised injection paradigm. This workshop is procedure focused, and will teach attendees the practicalities of OnabotulinumtoxinA administration through short lectures, videos and hands-on demonstrations using bladder models. Attendees will learn how to reconstitute the product and see different types of equipment available.
