

## EN 1090 - Certificate

Factory Production Control  
(FPC) – Initial inspection

**Building product**

**Certificate no. I2014Q8557**

According to the EU Directive No.305/2011 of the European Parliament and the European Council of 9 March 2011 (Construction Products Regulation – CPR) this Certificate applies to the following building product:

***“Load-bearing components and construction kits for steel structures up to EXC3 EN 1090-2 as load-bearing construction in all types of buildings“***

**CE marking method**

ZA.3.2 to ZA.3.4 according to EN 1090-1:2009/AC:2010

***Structural design / calculations***

***Production (cutting, shaping, holing, cuts out, welding, detail design/work preparation, assembly, joining with mechanical fasteners, Erection on site)***

***Corrosion protection (powder coating and liquid coating)***

**of manufacturing plant**

**Vic Obdam Staalbouw B.V.**

**Braken 14**

**1713 GC Obdam**

**Netherlands**

**Confirmation**

This Certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the harmonized standard

**EN 1090-1:2009 +A1:2011**

under system 2+ are applied and that the factory production control fulfills all the prescribed requirements setout above.

**Certification body**

***IfO – Institut für Oberflächentechnik GmbH***

***Notified Body NB-Nr. 2458***

***Alexander-von-Humboldt-Str. 19***

***73529 Schwäbisch Gmünd***

***Germany***

**Validity date**  
(Date of first issuance)

**23.09.2014**

**Next surveillance**

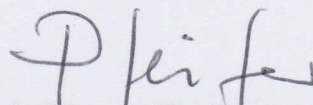

**September 2015**

**Valid until**

This Certificate will remain valid as long as the test methods mentioned in the harmonized standard and/or the requirements of the factory production control for the assessment of the performance of the declared characteristics do not change and the product and the manufacturing conditions in the manufacturing plant are not modified significantly. If the date of surveillance is not kept, the certificate will expire within three month.
